MaxiCut® Oil™

44-505

MaxiCut® Oil™ delivers advanced cut protection and extended coverage for work involving sharp materials and oil exposure.

Combining ANSI A3 resistance with a GRIPtech® micro-cup finish, this glove improves handling control in oily or slippery environments. A reinforced thumb crotch adds extra durability in high-stress zones, while ergonomic shaping reduces fatigue across long shifts. Confident protection with extended coverage without sacrificing dexterity.

¾ Coated for Extended Coverage

The coating extends over the knuckles for added protection against rough surfaces, grime, and abrasion. Enhanced durability without compromising flexibility.

A3 Cut Protection

Built with CUTtech® fibers to deliver robust protection from sharp edges and metal parts, it is ideal for metalwork, maintenance, and machinery tasks.

Grip Performance

The Non Slip Grip surface improves handling in wet applications, enhancing control and reducing the risk of slippage.

Skin-Safe & Washable at 104° 40°C

OEKO-TEX® certified, dermatologically accredited, and pre-washed for immediate, skin-safe use as part of ATG®'s HandCare® program. Designed for multiple wears, maintaining hygiene and performance after washing at 104°F (40°C) to reduce waste and extend glove life.
