MaxiCut® Ultra™

58-917

MaxiCut® Ultra™ 58-917 is the uncoated liner used in the coated MaxiCut® Ultra™ range. Designed as a standalone underglove, it provides lightweight cut resistance when worn beneath disposable or waterproof gloves, helping workers maintain protection without adding unwanted bulk. Its flexible construction supports natural movement, making it suitable for tasks where both cut risks and frequent glove changes are present.

Trusted Cut Protection – Level C(A3)

Delivers reliable cut resistance, ideal for tasks involving moderate to high cut risks. A dependable choice for light-to-medium duty handling in industrial settings.

All-Day Comfort with Reduced Fatigue

Thanks to our ERGOtech® Technology, the gloves mimic the natural “hand at rest” posture, which significantly reduces hand fatigue and enhances comfort during extended use.

Skin-Safe & Washable at 40°C

OEKO-TEX® certified, dermatologically accredited, and pre-washed for immediate skin-safe use. Part of ATG®'s HandCare® programme. Designed for multiple wears, maintaining hygiene and performance after washing at 40°C to reduce waste and extend glove life.

Touchscreen Compatible

Use devices without removing your gloves. Stay connected, efficient, and protected on the job.
