MaxiFlex® Cut™

34-1743

Designed for precision handling with added cut and heat protection, this glove combines the ultra-thin, flexible feel of MaxiFlex® with high-performance cut-resistant fibres and certified contact heat resistance. Tested to EN 407:2020 (Level 1), it offers protection against contact heat up to 100°C, making it ideal for tasks involving both mechanical hazards and intermittent heat exposure without compromising comfort or dexterity.

Increased Cut Protection with Comfort

Increased cut resistance while staying thin, flexible, and comfortable. Reinforcement between the thumb and forefinger boosts durability in high-wear areas perfect for precision tasks in dry, cut-risk environments.

Exceptional Durability for Long-Term Use

Exceptional durability helping you reduce waste and replacement frequency thanks to our DURAtech® coating technology

360° Breathability thanks to AIRtech®

Featuring our patented micro-foam coating, these gloves keep your hands cool and dry by efficiently channeling moisture and heat away from the skin.

Touchscreen Compatible

Use devices without removing your gloves. Stay connected, efficient, and protected on the job.
