

MaxiCut®

34-450

Designed for dry environments that require lightweight cut protection and flexibility. Built with CUTtech® fibres and a palm coating for secure handling, it supports everyday assembly, maintenance and general industrial tasks. The breathable liner and ergonomic fit help maintain comfort during routine use.

Cut Level B Protection

CUTtech® fibres offer protection against minor cuts and abrasions. Ideal for lower-risk, high-precision environments.

360° Breathability thanks to AIRtech®

Featuring our patented micro-foam coating, these gloves keep your hands cool and dry by efficiently channeling moisture and heat away from the skin.

All-Day Comfort with Reduced Fatigue

Thanks to our ERGOtech® Technology, the gloves mimic the natural "hand at rest" posture, which significantly reduces hand fatigue and enhances comfort during extended use.

Precision Grip in Dry Conditions

A lightweight palm-coated design delivers excellent control, dexterity, and touch sensitivity. Perfect for dry environments where accuracy matters.
