

MaxiDry®

56-425

Designed for precision work in environments where protection from oils and liquids is essential. Combining lightweight construction with a high-performance palm coating, MaxiDry® delivers reliable liquid repellency without compromising comfort or dexterity.

The glove is engineered for dry and slightly oily conditions, offering excellent grip, flexibility, and long-lasting wear. It's ideal for industries like automotive, light manufacturing, and maintenance, where clean handling and tactile control are critical.

Enhanced Grip

With an optimized micro-cup finish, GRIPtech® ensures a secure, controlled grip, minimizing slippage and enhancing safety.

Certified Liquid and Chemical Repellency

LIQUtech® provides protection against oils, liquids, and chemical splashes. Ideal for environments where fluid exposure is routine but flexibility is essential.

All-Day Comfort with Reduced Fatigue

Thanks to our ERGOtech® Technology, the gloves mimic the natural "hand at rest" posture, which significantly reduces hand fatigue and enhances comfort during extended use.

Skin-Friendly & Pre-Washed

OEKO-TEX® certified, dermatologically accredited, and pre-washed for immediate skin-safe use. Part of the ATG® HandCare® programme for long-term wearer wellbeing.
