MaxiCut® Ultra™

52-3745FY

The next evolution in cut-resistant gloves, combining the cut protection and comfort of MaxiCut® Ultra™ with the added benefit of AD-APT® Cooling Technology.

Designed for high cut protection (ANSI A3) and maximum comfort, MaxiCut Ultra with AD-APT incorporates DURAtech® for durability, AIRtech® for 360° breathability, and CUTtech® for enhanced cut protection. The micro-cup finish ensures a secure grip, while the dotted version provides extra cushioning for comfort in precision tasks.

Offering a consistent fit and feel, MaxiCut Ultra with AD-APT helps reduce hand fatigue and provides a comfortable, flexible solution for tasks requiring both protection and comfort.

High Visibility You Can Trust

Bright yellow liner enhances hand visibility in low-light and high-traffic environments. Improves safety for individuals and teams working in dynamic settings.

A3 Cut Protection

Built with CUTtech® fibers to deliver robust protection from sharp edges and metal parts, it is ideal for metalwork, maintenance, and machinery tasks.

360° Breathability thanks to AIRtech®

Featuring our patented micro-foam coating, these gloves keep your hands cool and dry by efficiently channeling moisture and heat away from the skin.

AD-APT® Cooling Technology

Heat-activated and motion-responsive. Keeps hands cooler, drier, and more comfortable.
