

# MaxiCut® Ultra™

## 89-5740T

The MaxiCut® Ultra™ Sleeve extends cut protection, providing secure forearm coverage for tasks that demand both reach and reliability.

Made with CUTtech® fiber technology, it delivers ANSI A3 protection in a lightweight, flexible design that won't restrict movement. Whether reaching into machinery or handling sharp materials, this sleeve ensures protection from wrist to elbow and beyond. Featuring a seamless construction and part of ATG's HandCare® program, it is pre-washed, OEKO-TEX® certified, and dermatologically accredited for skin-safe, all-day comfort.

### A3 Cut Protection

Built with CUTtech® fibers to deliver robust protection from sharp edges and metal parts, it is ideal for metalwork, maintenance, and machinery tasks.

### Machine Washable at 104°F (40°C)

Designed for multiple wears, the glove maintains performance and hygiene after washing at 104°C (40°C). Reduces waste, extends glove life, and lowers total cost of ownership.

### Extended Coverage

Longer sleeve length safeguards more of the arm without restricting movement. Perfect for applications involving sharp materials, metal edges, or repetitive motion.

### Skin-Friendly & Pre-Washed

OEKO-TEX® certified, dermatologically accredited, and pre-washed for immediate skin-safe use. Part of the ATG® HandCare® programme for long-term wearer wellbeing.

## Technical information
