

MaxiCut® Ultra™

44-6745FI

MaxiCut® Ultra™ with AD-APT® delivers high cut protection combined with impact defence for added safety in demanding environments. Specially moulded shock absorbers on the back of the hand help reduce the risk of impact injuries, while the durable construction provides strong tear resistance and reliable mechanical performance.

Equipped with AD-APT® Cooling Technology, the glove helps keep hands cool and dry during active use, supporting comfort throughout the working day. Dermatologically accredited and skin-friendly, it provides dependable grip, durability and protection in a design built for tough tasks.

Cut Level F + Impact Protection

Certified to EN 388:2016 Cut Level F, this glove provides the highest level of cut resistance and adds impact protection to guard against knocks, bumps, and pinches. Ideal for heavy-duty environments where both cut and impact risks are present.

Form, fit, feel for reduced hand fatigue

Designed to mimic the natural "hand at rest" position, the glove reduces muscle strain and hand fatigue. Combined with an ultra-lightweight liner and smooth, rounded fingertips, it enhances comfort and fingertip sensitivity.

Enhanced Grip

With an optimised micro-cup finish, GRIPtech® ensures a secure and controlled grip, minimising slippage and increasing safety.

Skin-Friendly & Pre-Washed

OEKO-TEX® certified, dermatologically accredited, and pre-washed for immediate skin-safe use. Part of the ATG® HandCare® programme for long-term wearer wellbeing.
