proRange®

MaxiFlex® Comfort™

34-925

All the benefits of MaxiFlex®, upgraded with a softer cotton-lined liner for superior sweat management and comfort. MaxiFlex® Comfort provides excellent breathability and dexterity, making it ideal for those needing extra insulation against heat and cold without sacrificing flexibility.

All-Day Comfort with Reduced Fatigue

Thanks to our ERGOtech® Technology, the gloves mimic the natural “hand at rest” posture, which significantly reduces hand fatigue and enhances comfort during extended use.

360° Breathability thanks to AIRtech®

Featuring our patented micro-foam coating, these gloves keep your hands cool and dry by efficiently channeling moisture and heat away from the skin.

Enhanced Grip

With an optimised micro-cup finish, GRIPtech® ensures a secure and controlled grip, minimising slippage and increasing safety.

Touchscreen Compatible

Use devices without removing your gloves. Stay connected, efficient, and protected on the job.
